The Career and Counseling Cell of NEHU in collaboration with the Institute of Technology & Management, Mumbai organised a day-long workshop on Interactive Knowledge Session on September 23, 2015.

Inaugurating the workshop at the Multi-Use Convention Centre, Dr. Sarita Iyer, Director at ITM Bangalore and one of the resource persons at the

workshop, said the purpose of the workshop is to encourage students to pursue their dreams. She listed three mantras that the students need to believe in to achieve their dreams and they are (a) “you are smart, (b) you need to believe that you are really smart and (c) you can do whatever you want because it is all in your head.” Citing Charles Darwin’s theory ‘Survival of the Fittest’ Dr. Iyer said it’s

not enough just having bookish knowledge, it’s very important to have personality, communications skills, essentially the whole package. “It’s all about branding yourself, it’s all about landing that great job,” she added. Dr. Iyer went on to add that “at ITM, we transform students. We don’t force, we don’t push, we just take what’s within you and give you hope, a promise that the future is

going to be so much

Bio-engineers Shaping the World of Tomorrow

A National Conference on Recent Advances in Biomedical Engineering (NCRABME – 2015) was organised by the Department of Biomedical Engineering, NEHU, Shillong on August 28 and 29, 2015.

More than 40 participants attended the two-day event where speakers like Dr. Biman B. Mandal, IIT-Guwahati, Dr. P. Sukumar, IIT-Guwahati, Dr. Dinesh Bhatia, Chairperson, NCRABME and Head, Biomedical Engineering Department, NEHU, Shillong, Dr. Bhaskar Borgohain, NEIGRIHMS, Shillong and Dr. Arup Bhattacharya, NEIGRIHMS,

Shillong enlightened the participants on the latest advancements in the field.

The conference aimed to share and enhance the knowledge of

young biomedical engineers, researchers and faculty from different institutions pan India working in the field of biomedical engineering, biomaterials,

nanomedicine, biomedical signal processing, medical image analysis and bioinstrumentation.

better.”

Reiterating Dr Iyer’s mantra, Mrs. Vineeta Sharma, General Manager, ITM, Mumbai and one of the resource persons at the workshop, said the reason of the workshop is to give students a chance to know what to do with their lives. She promised to help

the students discover their passion because “once you find your passion, you can live your life.”

Earlier, in his welcome address, Dr. Dinesh Bhatia, Coordinator of the Career and Counseling Cell, informed about the objective of the workshop is to impart, motivate and develop human re-

sources in training, communication skills, personality development, trending topics like digital and social media, finance and MBA. “In today’s scenario, personality, good communication skills, body language are needed to achieve greater heights in future career,” Dr. Bhatia said. He also informed

that 7 students have got placements in top companies like Wipro and Sony Ericsson and hoped that more students get into such companies in the near future.

The inaugural programme concluded with a vote of thanks by Eva Giri, organising secretary of the workshop.

Library Orientation Programme

The NEHU Central Library, Shillong conducted the Library Orientation Programme from September 8th to 18th in the NEHU Central Library Conference Hall for the first semester students of the different departments.

The programme focussed on the library's rules and guidelines, in-house/online resources, features of the Online Public Access Catalogue and a guided tour of the NEHU Central Library.

It is hoped that such events lead to exchange of know-how and stimulate people working in the field for transforming their theoretical knowledge into healthcare products which will help the society and mankind at large. The conference worked in establishing a bridge between the doctors and engineers to work in tandem to develop feasible and low-costs healthcare solutions. Since doctors are handling the biomedical instruments, signal and image

processing systems which is conceptualised, designed and developed by the engineers, this conference brought out real time research problems addressed by the doctors in their fields of specialisation and shared their experiences with the engineers/ researchers who can work in future towards finding affordable solutions to these problems. The conference also created an environment for the participants to share their ideas, experiences and results of their scientific

research work and develop mutual cross linkages and research collaborations.

Earlier, the conference was inaugurated by Prof. Prabodh Shukla, Vice-Chancellor, NEHU, Shillong and Chief Guest Prof. Samarendra Dandapat from IIT, Guwahati. The other invited dignitaries who attended the inaugural function include Prof. P. V. Koparkar, Dean, School of Technology, NEHU, Shillong, Dr. Dinesh Bhatia, Dr. Manashjit Gogoi, Convener and Mr. Nitin Sahai, Co-Convener.

NEHU Observes Hindi Fortnight

The Hindi Fortnight celebration organised by the Hindi Cell, NEHU to commemorate the Hindi Diwas celebration from Sept 14 to 28 began with an inaugural function on September 14 in the Conference Hall, Administration Building.

Prof. P. Shukla, Vice-Chancellor, NEHU, in his inaugural address said that for Hindi to become a popular language like English, one would have to want to learn

Hindi. "As long as we do not feel the need to learn it from within ourselves, we will never learn it," he added.

Dr. B. P. Tripathi,

Assistant Professor, Department of Hindi, was of the opinion that since India is a multi-lingual country, Hindi could be the link lan-

guage or common language to understand each other. He also stressed on the need to

According to Dr. S. Kumar from the Central Institute of Hindi, Regional Centre, just as English has been adopted in India as a

language of status, so too should Hindi. Only then can Hindi spread all over the country.

Echoing the aspirations among the tribals of the North-East who do not know how to even speak Hindi, Mr. L.M.K. Lyngrah, Deputy Registrar, NEHU said what

is needed urgently are spoken Hindi classes.

Earlier, Ms. Jaya Bhattacharjee, Assistant Registrar read out the message received from Rajnath Singh, Union Home Minister on the occasion of Hindi-Diwas.

“Here’s to the crazy ones. The misfits. The rebels. The troublemakers. The round pegs in the square holes. The ones who see things differently. They’re not fond of rules. And they have no respect for the status quo. You can quote them, disagree with them, glorify or vilify them. About the only thing you can’t do is ignore them. Because they change things. They push the human race forward. And while some may see them as the crazy ones, we see genius. Because the people who are crazy enough to think they can change the world, are the ones who do.”
