ABOUT THE EVENT

Participants at the event will benefit from the valuable expertise of top industry professionals and esteemed speakers. This platform will enable the presentation of innovative ideas and projects. Attending this event provides the chance to network with peers and experts, as well as to stay updated on the latest technologies and industry trends. Additionally, participants can explore cutting-edge technologies and receive acknowledgment and rewards for outstanding contributions.

"Technology and AI are no longer just tools; they are patners in our journey to innovate and improve the human experience."

RESEARCH AND HANDS-ON EVENT

📅 OCTOBER 03-04, 2024

ABOUT IEEE COMPUTER SOCIETY STUDENT YOUNG PROFESSIONALS

The Student & Young Professional Activities Committee, part of the IEEE Computer Society Member and Geographic Activities Board, focuses on creating programs for students and early career members. Its goals include designing local, regional, and international initiatives that support these groups' educational, technical, and professional development. The committee also advocates for their interests to the IEEE Computer Society Board of Governors and other relevant groups.

HANDS-ON SESSION

📅 3 - 4 OCTOBER, 2024

HANDS ON SESSION

Join our hands-on Python session to enhance your coding abilities with practical exercises, expert guidance, and collaborative learning at the NextGen Nexus: Research and Hands – On Event 2024, NEHU. Whether you're a beginner or an advanced coder, this workshop will equip you with the skills to tackle real-world challenges and stay updated with the latest techniques. Don't miss out on this opportunity to learn and connect with fellow Python enthusiasts!

## RESEARCH AND HANDS-ON EVENTS

## RESEARCH CONCLAVE 📅 3 - 4 OCTOBER, 2024

Explore the forefront of innovation through our Poster Presentations, a highlight of the NextGen Nexus: Research and Hands – On Event 2024, NEHU. Dive into visually engaging displays that encapsulate pioneering projects and breakthroughs across technology, sustainability, and interdisciplinary fields. This dynamic format offers a concise yet powerful way to grasp essential insights, fostering rich discussions and collaborative exploration. Don't miss this opportunity to engage with the latest research and connect with leading minds in an interactive environment dedicated to knowledge sharing and discovery.
