Contemporary Challenges in Chemistry

(NSC3-2018)

2018
305125
Celebrating
Birth Anniversary

Scope and Objective

- Recent research advances on varied topic of chemical as well as physical sciences .
- Emphasis on the recent challenges in science education & research.
- A special session is devoted to commemorate the life and scientific activities of Professor S. N. Bose with UG science students from nearby colleges as the target audience.

Department of Chemistry, NEHU

Established in the year 1976, the Department of Chemistry has been imparting higher education in Chemistry by training students through its ongoing M.Sc. and Ph.D. programs.

S. N. Bose National Centre for Basic Sciences

Founded in 1986, SNBNCBS is an autonomous research institute dedicated to encourage and promote the growth of advanced studies in selected branches of basic sciences.

Scientific Programme

The Seminar comprises plenary lectures, invited talks, oral as well as poster presentations. The scope of NSC3-2018 includes the following main areas of chemistry:

- ⇒ Computational Quantum Chemistry;
- ⇒ Spectroscopy & Dynamics;
- ⇒ Organic & Organometallic Chemistry;
- ⇒ Material & Drug Designing;

**VENUE: NORTH-
EASTERN HILL
UNIVERSITY**

**DATE: 20TH – 21ST
NOVEMBER, 2018**

Jointly organized by

Department of Chemistry, NEHU, Shillong &
SNBNCBS, Kolkata

Call for Papers

A one-page abstract of the presentation may be sent as MS-Word file to Prof. S. Mitra, Convener, NSC3-2018 (smitranehu@gmail.com), by 10th November, 2018.

Registration Fees

Registration fees of Rs 500/- (Rs. Five hundred only) to be paid along with the abstract. For payment options, please contact the Convener.
