**E-Waste Collection Drive Organised by ENVIS RP Centre NEHU, Shillong in
Collaboration with Rongjeng Technologies, Guwahati Assam at State Central Library
dated 28th September 2018 and 29th September 2018**

Attention:

Beware of health hazard from obsolete electronic waste.

Waste from electronic materials is harmful to health and environment.

Do you know that exposure to toxic and hazardous elements inside obsolete electronic items might invite health hazard to your health?

Avoid dumping of electronic items with municipal wastage might be an agent of disaster to environment. It would pollute the ground water.

Disposing electronic wastes to garbage-pickers or any unauthorised agency is illegal as per Electronics Waste (Management) Rules 2016.

To help residents & bulk consumers of Shillong to dispose electronic wastes responsibly as per law, a two-days e-waste collection drive will be organised on September 28th & 29th (Friday & Saturday), 2018 at State Central Library, IGP, Shillong.

You are free to bring your obsolete electronic materials to dispose at the camp.

The collected electronic wastes will be sold to Recycling Centre and the proceeds will be utilised by the district administration for development purpose.

Date: September 28 & 29 (Friday & Saturday), 2018

Time: 9am till 4pm

Venue: State Central Library, IGP, Shillong.

Be with Us!
