About the International Conference

Republic Day is celebrated in India every year on 26th January with great grandeur and pride. It's a day to honour the Constitution of independent India. The new constitution was drafted by the drafting committee managed by Dr. B.R. Ambedkar. In the year 2023, it will mark India's 74th

Republic Day. Republic – a state where the people and their elected representatives hold supreme power and have an elected or nominated president rather than a monarch. India is called a republic country. Though India became a free nation on August 15, 1947, it declared itself a Sovereign, Democratic and Republic state with the adoption of the Constitution on January 26, 1950. The role and responsibilities of a teacher change from time to time. Education and development are two sides of the same coin. Education has a pivotal role in nation building. The conference's main objective is to find out the part of education in national building.
