

The Department of Sociology, NEHU will organize a one day workshop sponsored by ICSSR New Delhi on the theme “A Sociological Study of Digitalization in the Select Areas of North-East India” on the 28<sup>th</sup> of February 2024 in a blended mode. The workshop aims to disseminate useful information on the level of digitalization in different institutions and establishment such as schools, colleges, government offices, public libraries, Common Service Centres (CSC). The workshop will deliberate on the significance of judicious utilization of the internet and discuss the importance and relevance of various stakeholders such as academic, government and the community. It is also expected to deliberate on policy recommendations and the role of governmental agencies that can provide better public- services thereby making the use of internet people-centric and people-oriented.

For more details about the workshop, contact 9856030387.
