a first-come, first-served basis.

ABOUT THE WORKSHOP

This hands-on workshop is designed for students, researchers, innovators and aspiring entrepreneurs from all academic disciplines who wish to understand the fundamentals of intellectual property and develop practical skills in patent drafting and filing.

Participants will gain step-by-step exposure to identifying patentable inventions, conducting prior-art searches, assessing novelty and inventive step, preparing patent specifications, and understanding the patent filing process in India.

A special component of the workshop will focus on career opportunities in IP, including pathways to become a Patent Agent/Patent Attorney, IP Analyst, Patent Researcher, Technology Transfer Professional and IP Consultant.

The workshop is relevant to students from all fields—including biotechnology, engineering, computer science, healthcare, agriculture, design, materials science, social innovation and many more.

ABOUT IPR CELL, NEHU

The IPR cell at North-Eastern Hill University (NEHU) established in 2022, aims to promote intellectual property awareness and assist creators in protecting their rights. It encourages researchers to engage with IPR-related issues and fosters entrepreneurship among students and faculty.
