ANUSANDHAN

Igniting the spirit of R&D among young students

"ANUSANDHAN" is a pioneering research orientation initiative by R&D Cell, NEHU to identify and cultivate budding researchers within the student community who harbour a natural interest and passion for research. The primary objective of the program is to ignite passion among scholars for research and innovation. It will provide an opportunity to learn, interact, and become catalysts for change.

About ANUSANDHAN

ANUSANDHAN, a pioneering initiative by NEHU, aims to identify, nurture and champion emerging researchers within the student community and cultivate an environment conducive to research and development. Resonating with the Sanskrit word "ANUSANDHAN," meaning "research" or "investigation" in English, this initiative endeavours to unearth, promote and elevate young researchers within the students and develop a zeal for research and development in the university. It aims to construct a robust framework which is capable of effectively identifying and nurturing these talents, thereby sustaining the growth and advancement of R&D endeavors on a national and international scale. Central to this initiative is the establishment of a supportive ecosystem that not only recognizes but also empowers these young talents, equipping them with the requisite tools and resources to boost their research acumen. Through ANUSANDHAN, NEHU plans to provide a dynamic platform for exchanging ideas, facilitating discussions, and the practical application of concepts, thereby ensuring that students of the Northeast region are primed to become high-quality researchers. ANUSANDHAN will operate with a dual focus - to identify and support aspiring researchers while promoting collaborative partnerships with industry to bridge the gap between academia and practical applications. Through the promotion and commercialization of research projects, ANUSANDHAN seeks to incentivize innovation and entrepreneurship culture among students, thereby contributing to the economic and social development of the region. Moreover, ANUSANDHAN strives to cultivate a vibrant research culture within NEHU, sustaining an environment where curiosity is encouraged, collaboration is valued, and intellectual exchange thrives. Through partnerships and collaboration, ANUSANDHAN aims to transcend geographical boundaries and facilitate the exchange of ideas and knowledge on both regional and national platforms. The target audience for ANUSANDHAN comprises students who are eager to explore deeper into their areas of interest, discover new research avenues, and expand their horizons within their respective fields of study.

Objectives of ANUSANDHAN

- Promote a culture of research, innovation, and exploration among students.
- Provide mentorship, workshops, and collaboration opportunities to enhance research skills.
- Encourage innovation and entrepreneurship among students, assisting in transforming research ideas into viable commercial ventures.
- Promote the economic and social development of the region through R&D.

Eligible participants

- The target audience for the inaugural version of ANUSANDHAN comprises the PhD research scholars registered in the current (2023-24) and previous (2022-23) batches.

Important date & venue

- Last date of registration: 18th May 2024
- Programme date: 22nd May 2024
- Venue: Golden Jubilee Hall, NEICOD Building, NEHU

Registration and Fee

- [Click here for registration form](#)
- Pay registration fee of Rs 100/- (one hundred only) to the bank account given on right side

Account details for payment

Account name: NEHU NEW REVENUE 2021

Account number: 40445232563

IFSC: SBIN0004295

Bank & Branch: SBI, NEHU Branch, Shillong

Organising Committee

1	Prof. S. R. Joshi	Biotechnology	Director
2	Prof. Timir Tripathi	Zoology	Organising Secretary
3	Prof. Santosh Kumar	Mathematics	Member
4	Prof. Manash P. Goswami	Journalism & Mass Com.	Member
5	Prof. D. K. Biswal	Zoology	Member
6	Dr. S. Majaw	Biotechnology	Member
7	Dr. Rajesh Bajpai	Environmental Studies	Member
8	Dr. S. P. Pati	Physics	Member
9	Dr. S. Shukla	Nanotechnology	Member
10	Dr. Sunildro L.S. Akoijam	Management	Member
11	Dr. Madhukar Gampala	Education	Member
